The Montessori School for the Arts  
410 Fir Avenue  
Niceville, FL 32578

Dear Elena and Jazz,

Thank you so much for the opportunity for us to visit your program on May 19, 2009. As always, this is a wonderful place for children. The children who attend were deep into whatever they were doing. I saw two girls drawing wonderful pictures, some children were playing with blocks and some were doing puzzles.

I again hope that you will accept this letter confirming that your program more than meets the requirements required to be listed as a Level Three Program on the Technical Assistance Ladder. Child Care Services appreciates the professional level of services you provide to children and is honored to list you among those programs who allow for program assessment.

Debra Self, concurs that your program far exceeds the Florida assessment tool requirements. You get 100%. We will see you again in May 2010. As usual, if you need help with anything just give us a call.

Sincerely,

Mary Ann Mochan  
Early Childhood Specialist
